SEASONED

News from Teknos Industry UK & Ireland

Autumn 2017

Welcome to Seasoned, the Teknos newsletter for the Industrial Wood sector in the UK and Ireland.

In this edition find out how Teknos is making the world last longer with its protective coatings. Westbury Garden Room's beautiful orangeries give customers many years of very low maintenance and protected joinery, read the full case study. Discover Opti-Joint our new joinery glue, find out where you can see TeknosPro products, meet our IW Key Account Support Manager and tell us about your quirky projects.

Case Study

A Room with a View

Durability, stability and sustainability are at the core of Westbury Garden Rooms' designs. As an ethos mirrored by Teknos, it's no surprise then that Westbury work with Teknos paints to coat their joinery.

Manufacturing in Accoya® they coat windows, joinery and garden room products in [ANTISTAIN AQUA 2901](#) isolating primer or [AQUAPRIMER 2900](#) base stain and finish in [AQUATOP 2600](#). The result is long-lasting, low-maintenance timber-based products which their customers love.

This orangery extension they completed on a character property in London is a stunning example of this winning partnership between Teknos paints and Westbury skill and design.

What's new in Teknos GBI?

New Glue

TeknosDrywood Opti-Joint is a glue for all wood species and all kinds of joints. It creates a moisture tight joint for wooden joinery by preventing capillary uptake of moisture around joints. This seal improves the performance of coatings.

Easy to use and easy to clean, Opti-Joint is a one component glue with no foaming. It contains 100% solid contents (with no solvents) so there's no shrinkage during drying.

Contact sales@teknos.co.uk for an Opti-Joint information sheet or speak to your Teknos rep.

Supporting our customers

Key Account Support Manager

We are pleased to announce our new Industrial Wood Key Account Support Manager, David French. He'll be visiting a number of Teknos accounts over the coming months, supporting their projects and offering the benefit of his many years of experience in the Industrial Wood sector. If you see him in your workshop, say "hi"!

Events

British Woodworking Federation Awards

Celebrating innovation in joinery, Teknos are delighted to be sponsoring the Product Design in Wood Award. If you've entered any of the categories we wish you the best of luck and look forward to congratulating the winners on 24 Nov at Drapers' Hall in London

The Painting and Decorating Show 2017

We will be exhibiting our TeknosPro brushing paints at the Paint Show, 28-29 November, in Coventry. Visit us at stand 104 and test Teknos painted surfaces, chat to our experts and find out about our popular [Futura Aqua range](#) for interiors and exteriors.

Making the World Last Longer

Tell us about your project(s)

Your projects

Teknos paints prolong the longevity of the things that they are used on. We are on a mission to make the world last longer with our protective coatings and our commitment to the environment.

If you have an interesting or quirky project you'd like to share with us, get in touch and tell us how you are making the world last longer with Teknos.
