THE PERFECT PARTNERSHIP

Coat Accoya or Tricoya in Teknos factory applied coating systems to achieve:

- Prolonged service life
- Enhanced UV protection
- Barrier against moisture
- Performance in extreme weathers
- Extended maintenance periods
- Up to 12 years warranty on coatings

Suitable for a wide range of timber products, for installation anywhere in the world:

- Facades
- Windows and shutters
- Cladding
- Structural timber
- Outdoor furniture
- Doors

PARTNERS IN SUSTAINABILITY

Our commitments to the environment are key to our perfect partnership.

Protect and prolong

Teknos is on a mission to make the world last longer by lowering VOCs in our paints, reducing waste, using fewer resources.

Cradle-to-Cradle

Accoya® is certified by the FSC® and Cradle to Cradle (C2C) overall Gold certified®, it is the only construction material in the world to achieve C2C Platinum certification® for Material Health. Specification of Accoya® yields additional credits for specifiers in LEED v4, BREEAM.

Sustainably sourced

Tricoya® is FSC® certified and UKTR compliant and is produced from fast-growing, well managed, sustainable sources.

PROVEN PERFORMANCE

At the heart of the Accoya/Teknos partnership is verified test and real-world data demonstrating successful long-term performance against other coated wood.

10 YEAR NATURAL EXPOSURE TRIAL OF TEKNOS COATINGS ON ACCOYA

"the anticipated lifespan to first maintenance ... can be extended to as much as three times compared to when unmodified softwoods are used".

BM TRADA

TEKNOS DRYWOOD COATINGS ON ACCOYA

"a more stable substrate to the coating material resulting in less coating defects and a higher durability of the coating system compared to other wood species".

AROUND THE WORLD

Buildings in Europe and Asia with fully factory finished Teknos coated Accoya are now approaching 12 years since they were installed.

The first maintenance coat for many of these projects is only now needing to be considered, almost 12 years on.

Details of these and other projects are available at tekno.com and accoya.com

SERVICE AND SUPPORT

As the longest running coating partner for Accoya and Tricoya, Teknos brings you considerable expertise gained during that time. With Teknos you benefit from testing and performance data combined with a track record of real-world experience.

Support for customers goes beyond simply supplying paint. Teknos can help you select the optimum system for your Accoya/Tricoya designs and support you with efficient and sustainable production processes.

Project Team

- Design and specification assistance to ensure construction of the Accoya/Tricoya products maximises the coatings' durability and protection
- Review of the project's location to ensure the best coating system for the building's situation

Production Processes

- From timber delivery to shipment of the finished product, we can optimize your processes
- Our advice includes correct machining, best practice in paint application, drying, storage and wrapping for transportation to site

Colours and Finishes

- Our database holds thousands of colour recipes and we have finishes to suit all tastes
- Bespoke shades are no problem with our colour technology, we offer accuracy and the confidence to try new shades

Site Support and Inspections

- Sometimes support is needed on-site. On the rare occasions they are coating-related, we can help
- Many issues can be resolved remotely but for the ones that require a site visit, our local experienced professionals are on hand
- Their recommendations will not only relieve immediate problems but avoid future ones with construction and production advice

Take the next step in performance with Teknos coating systems for Accoya and Tricoya

WE MAKE THE WORLD LAST LONGER

Teknos is a global coatings company with operations in more than 20 countries in Europe, Asia, and the USA. Teknos is one of the leading suppliers of industrial coatings with a strong position in retail and architectural coatings.

Teknos wants to make the world last longer by providing smart, technically advanced paint and coating solutions to protect and prolong. Teknos always works in close cooperation with its customers.

Teknos was established in 1948 and is one of Finland's largest family-owned businesses.
