

Topcoats

AQUATOP 2600

Blended future-proof raw materials

Superior topcoat formulated with high end raw materials to achieve the highest possible topcoat quality.

High class surface appearance

Teknos topcoats provide a high-class surface appearance. Their levelling and flow capabilities have been fully optimised, without compromising the robustness and durability of the finish. Suitable for a wide range of application and process equipment, Teknos topcoats offer superb value and a competitive solution for the highest quality joinery finishes.

Securing long-lasting durability

Mastering the formulation as well as the application parameters Teknos' coating systems provide extended service life in both translucent and opaque systems, protecting against weathering, UV degradation, mould and fungal attack. Their

enhanced dirt pick-up resistance, due to a very smooth and even surface appearance, means Teknos topcoats offer the best insurance in the exterior joinery market.

EU regulations

Teknos topcoats comply with the VOC Directive and we work continuously to ensure our products comply with REACH regulations.

Give us a call

A call to Teknos is a quick and easy way to get sound advice if you are considering using AQUATOP 2600 or any other Teknos coating product. Our technical support organisation are always ready to support you in designing your optimal coatings solution and application system.

▲ Available in opaque and translucent systems

Applied by airmix (aircoat), airless with spray gun or in automatic spray equipment and brush ▼

Features and benefits

Features	Benefits
Colourless resins	A completely natural looking translucent coating with less yellowing in opaque colours and excellent clarity in translucent shades
Early blocking resistance	Allows for easier, faster and more secure handling of finished window frames in your production environment
Proprietary technology	Minimised micro foaming in the final paint film and high film build (1)

1.

AQUATOP 2600

Product	AQUATOP 2600
Content	Synthetic binders, water
Colour	Translucent, opaque
Gloss	Available in different gloss levels
Packing	3, 10, 20, 120, 1000 l

Recommended coating systems

	Softwood 3-layers Translucent / Opaque	All wood species 4-layers Translucent / Opaque
Wood preservative*	TEKNOL AQUA 1410 / TEKNOL AQUA 1412-01 / TEKNOL S 6005-00	TEKNOL AQUA 1410 **
Primer	AQUAPRIMER 2900-02 (translucent) / ANTISTAIN AQUA 2901-52 (white, opaque) AQUAPRIMER 3130 ANTISTAIN AQUA 5200	AQUAPRIMER 2900-02 (translucent) / ANTISTAIN AQUA 2901-52 (white, opaque) AQUAPRIMER 3130 ANTISTAIN AQUA 2901
Intermediate		AQUAFILLER 6500 AQUAPRIMER 3130
Topcoat	AQUATOP 2600	AQUATOP 2600

* Use biocides safely. Always read the label and product information before use.

** Only softwood.
