

## Information on mandatory labelling for articles treated with TEKNOL AQUA 1411-01

When an article has been treated with wood preservative and its biocidal properties (protection against e.g., wood destroying or discolouring fungi) are claimed, below instructions, which are in accordance with the new European Biocidal Products Directive, effective as of 1 September 2013, must be followed:

As from 1 July 2024, treated articles treated with or incorporating propiconazole shall not be placed on the market for the production of furniture and play structure.

The person responsible for the sale of treated articles such as doors and windows shall label such articles with the details stated here for TEKNOL AQUA 1411-01 in the FACT SHEET below.

Labelling shall be clearly visible, easily legible and of suitable permanence. When necessary due to the size of function of a treated article, labelling shall be printed on the packaging, the user guide or on the guarantee.

For further details, please refer to the Biocides Regulation, 528/2012 Article 58, part 3:
