SECTION 04: First aid measures 4.1 Description of first aid measures	
 4.1 Description of first aid measures 	
,	
 After inhalation: Supply fresh air; consult doctor in case of complaints. 	
After skin contact:	
Immediately wash with water and soap and rinse thoroughly.	
Immediately rinse with water. • After eye contact:	
Rinse opened eye for several minutes under running water.	
After swallowing:	
Do not induce vomiting; call for medical help immediately. Information for doctor: 	
 4.2 Most important symptoms and effects, both acute and delayed 	
 No further relevant information available. 4.3 Indication of any immediate medical attention and special treatment need 	dad
No further relevant information available.	Jea
SECTION 05: Firefighting measures	
 5.1 Extinguishing media Suitable extinguishing agents: 	
CO2, powder or water spray. Fight larger fires with water spray or alcohol res	sistant foam.
 5.2 Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. 	
 5.3 Advice for firefighters 	
Protective equipment:	
Mouth respiratory protective device. Do not inhale explosion gases or combustion gases.	
Additional information	
Cool endangered receptacles with water spray.	
Collect contaminated fire fighting water separately. It must not enter the sew	age system.
SECTION 06: Accidental release measures	
6.1 Personal precautions, protective equipment and emergency proced	lures
Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation	
 6.2 Environmental precautions: 	
Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage	system
In case of seepage into the ground inform responsible authorities.	System.
Dilute with plenty of water.	
In case of gas release or seepage into the ground inform responsible authori Do not allow to enter sewers/ surface or ground water.	ties.
 6.3 Methods and material for containment and cleaning up: 	
Absorb with liquid-binding material (sand, diatomite, acid binders, universal b	pinders, sawdust).
Dispose contaminated material as waste according to item 13. • 6.4 Reference to other sections	
See Section 7 for information on safe handling.	
See Section 8 for information on personal protection equipment.	
See Section 13 for disposal information.
