

# RENSA BRUSH

## Brush cleaner

RENSA BRUSH is an efficient detergent for cleaning of painting equipment for water-borne paints. Mild odour. Effectively dissolves even dried paint and keeps brushes soft.

RENSA BRUSH is used for cleaning tools after painting work. Brushes, rollers, spraying equipment and other tools used for painting can be cleaned with RENSА BRUSH.

RENSA BRUSH is a biodegradable product. It meets the requirements by OECD and by the Detergent regulation of European Parliament and the Council on detergents for biodegradability (OECD 301B, EC 648 / 2004).

## TECHNICAL DATA

<b>Certificates, approvals and classification</b>	OECD 301B, EC 648 / 2004
<b>Thinner</b>	No dilution.
<b>pH</b>	11
<b>Storage</b>	Must not freeze.
<b>Packaging</b>	1 l, 5 l. Availability varies by country.

## DIRECTION FOR USE

### Application

RENSA BRUSH is a ready-to-use solution, which is used undiluted.

Wet the tool entirely with brush cleaner, scrape off dissolved paint and rinse with clean water. Repeat if needed. If the paint has already dried, brush first off all loose paint. Then soak the tool in brush cleaner, until all the paint is dissolved.

## HEALTH AND SAFETY

### Safety and precaution measures

RENSA BRUSH is an efficient, but user-friendly and biodegradable product. However, using the detergent must be followed with a reasonable caution. Avoid skin contact and breathing the spray mist. Protect eyes from splashes. More information from product's safety data sheet: [www.teknos.com](http://www.teknos.com).
