

PRODUCT TYPE	TEKNOSOLV 9550 is a thinner containing slowly evaporating naphtha.
USAGE	TEKNOSOLV 9550 is used in brush application of alkyd paints and varnishes dilutable with naphtha. Can also be used for cleaning the painting equipment and as a degreasing agent on surfaces to be painted.
SPECIAL PROPERTIES	Evaporates slowly from the paint film and thus extends the handling time of the paint. Especially recommended when painting roofs in high temperatures.
<hr/>	
DIRECTION FOR USE	Thin the paint only as much as is needed to make it applicable to the required film thickness by the application method used. For degreasing TEKNOSOLV 9550 is applied on the surface to be cleaned and is wiped off with a cloth, before it evaporates.
