

**PRODUCT TYPE**

An effective thinner for for paints which can be diluted with xylene, such as FERREX Anticorrosive Paint, FERREX METALLIPOHJA Activated Anticorrosive Paint and FERREX HEAT 650.

---

**DIRECTION FOR USE**

The paint is thinned e.g. if

- the paint has thickened due to storage conditions or storage time
- the paint is applied by spraying.

TEKNOSOLV 1639 is also effective in cleaning of the equipment.

NB! Paint thinned with TEKNOSOLV 1639 must not be applied to surfaces painted with paints which can be diluted with white spirit and turpentine.

---

**SAFETY MARKINGS**

See Material Safety Data Sheet.

---

The information of this data sheet is based on laboratory tests and practical experience. The figures are for guidance only and depend on, for example, colour and gloss. As we have no control over the use and application conditions, we are only responsible for the quality of the product and guarantee that it conforms to our quality control. We accept no liability for any loss or damage resulting from the application of the product contrary to the directions or the intended use. The latest versions of our data sheets, material safety data sheets and system sheets are on our home pages [www.teknos.com](http://www.teknos.com).
