

BIORA® CLEAN PROTECTIVE INTERIOR PAINT

FOR ENHANCED HOME HYGIENE

INDOOR PAINT WITH ANTIMICROBIAL TECHNOLOGY FOR SAFER INTERIORS

- Safe and sustainable choice
- Beautiful matt finish
- Tintable in any shade from the Teknos colour collection
- Durable paint perfect for high-hygiene surfaces

BIORA® CLEAN is designed to protect your home surfaces from harmful microbes with its antimicrobial BioCote® technology, reducing microbial growth by up to 99.95% within 2 hours. BIORA® CLEAN retains its antimicrobial quality throughout the lifespan of the painted surface.

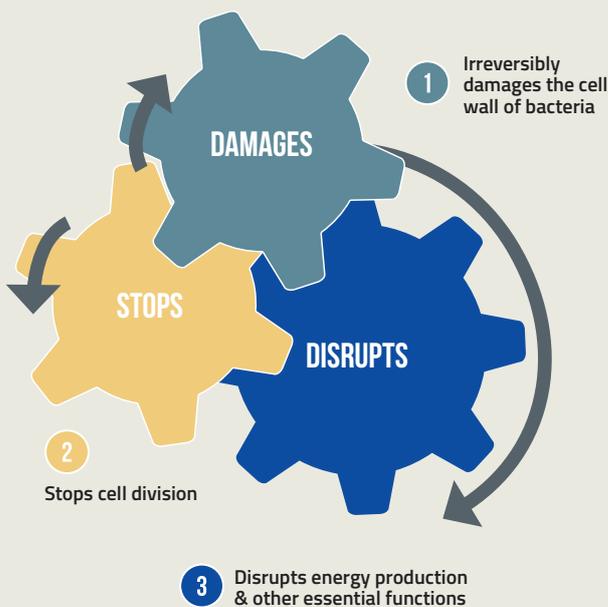

DURABLE CARE FOR YOUR HOME SURFACES

BIORA® CLEAN is designed to withstand frequent cleaning without losing its beautiful colour and sheen. A safe choice for all home surfaces requiring extra hygiene.

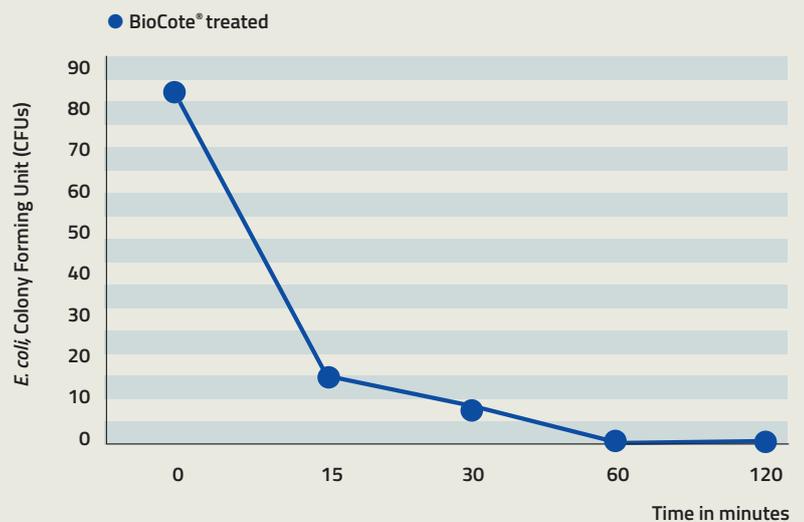

TESTED FOR EFFECTIVENESS AND SAFETY

BIORA® CLEAN is a waterborne and sustainable paint, and its antimicrobial performance has been tested according to ISO 22196:2011. It is also recommended by the Finnish Allergy, Skin and Asthma Federation.

MULTIPLE MODES OF THE ACTION OF THE ACTIVE SUBSTANCE

RAPID REDUCTION OF BACTERIA

SUITABLE FOR PAINTED OR PRIMED INTERIOR SURFACES

BIORA® CLEAN is suitable to use on previously painted or primed interior surfaces, including concrete, brick, plaster and building boards.
