

TEKNOLUX AQUA1728

**THE ONE COMPONENT WONDER FOR
KITCHEN AND INTERIOR DOOR
COATINGS**

TEKNOLUX AQUA 1728 sets a new benchmark in kitchen and interior door coatings, combining cutting-edge technology with environmental responsibility. Designed for modern manufacturing, this innovative coating delivers exceptional durability, efficiency, and sustainability.

**WATERBORNE
ONE COMPONENT
LED AND UV CURABLE
EFFICIENT APPLICATION**

TRANSFORM YOUR BUSINESS WITH TEKNOLUX AQUA 1728

Upgrade your coatings process with this industry-leading innovation and experience unmatched efficiency, sustainability, and quality.

WHY CHOOSE TEKNOLUX AQUA 1728?

- One-Component, Waterborne UV Solution – Easy application, reduced waste, and low VOC emissions.
- LED, EB & UV Curable – Faster processing with reduced energy consumption.
- Fast & Efficient Curing – Fast drying allows immediate next-step processing.
- Durable & High-Quality Finish – Excellent adhesion, scratch resistance, and chemical protection. Product is green labels and Swan label compliant.
- Sustainable & Cost-Effective – Energy-efficient curing, minimized maintenance, and optimized production.
- Tintable – can be tinted in any color desired.

EFFICIENCY THAT DRIVES PRODUCTIVITY

- Faster Throughput: Quick curing enables higher production speeds and lower energy costs.
- Reduced Emissions: Waterborne formulation reduces VOCs and supports sustainable production.
- Versatile Application: Works seamlessly on different materials with various application methods.
- Long-Lasting Protection: Provides superior wear resistance, reducing the need for frequent maintenance..
