YOUR PARTNER FOR TOTAL COATING CONFIDENCE

As a manufacturer of exceptional quality products, you want assurances for your business and your customers, that your exterior products are protected.

One of the vital components of this protection is the coating and you have trusted Teknos with this responsibility. We want to repay that trust with unrivalled support for your coating operations.

We take a holistic view. We believe that if our manufacturing customers are properly supported, then our coatings will be at peak performance during the lifetime of the products they cover.

Allow us to explain...

TRUST

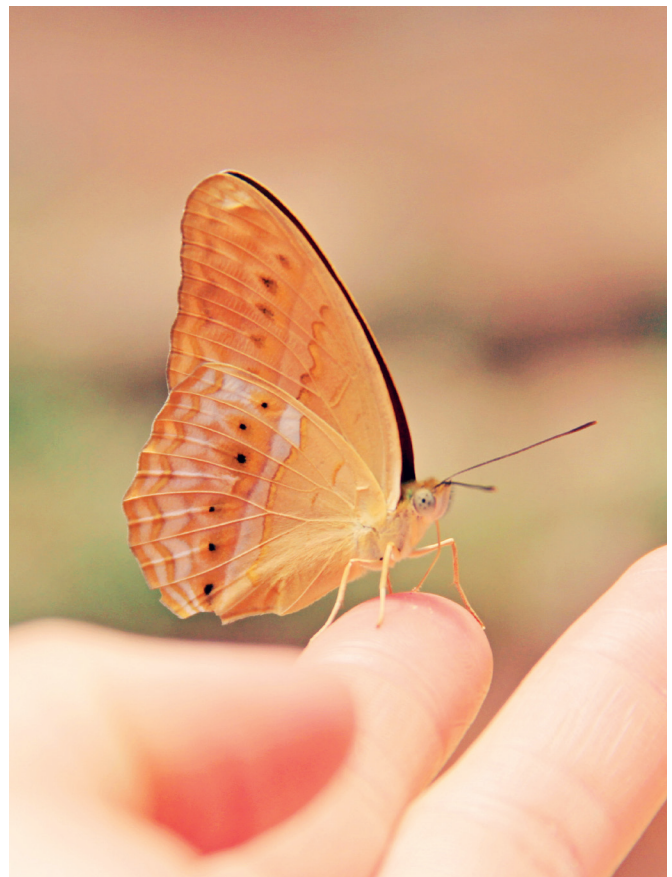

- You have placed your trust in Teknos
- You can trust that our coatings will protect your products

TEKNOS

- Proven high performance in coatings across the globe for over 70 years
- A family company that is committed to sustainability as a key driver of its strategic direction

TOTALLY

- Working with you to optimize your coating processes
- Offering expertise in construction design to further enhance exterior coating effectiveness
- Advising on advanced solutions and new developments that will extend the life of your products
- Providing a warranty that gives you unequivocal confidence in exterior coating durability
- Guidance on maintenance and re-painting so that you can ensure customers enjoy your products for many years

WE MAKE THE WORLD LAST LONGER

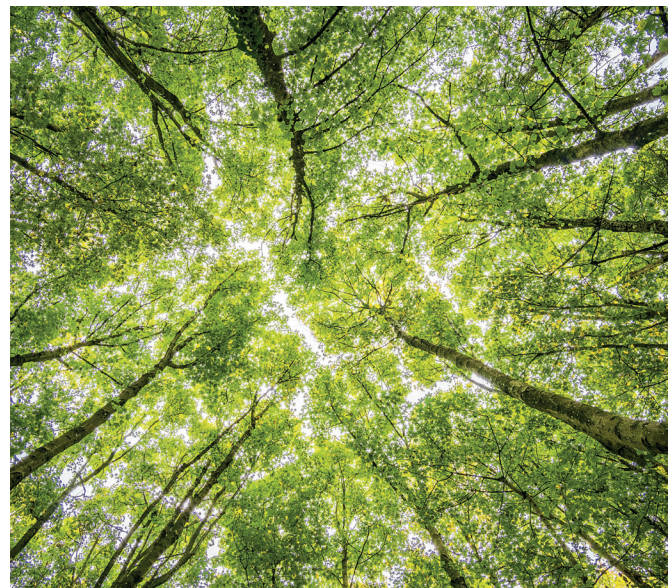

A SUSTAINABLE STATE OF MIND

We have placed sustainability at the heart of our strategy. This means that protecting human health and the environment is the basis of our product and services development.

Let us support your sustainable objectives whether they be reviewing VOC levels, increasing durability, phasing out hazardous ingredients, introducing eco-labels, reducing resource depletion, improving air quality or recycling materials.

Your goals are our goals and we will work together to achieve a more sustainable future.

FUTURE GENERATIONS

- Support early career movers and promote entrepreneurship education and thinking in society
- Support and engage with local communities

SUSTAINABLE SOLUTIONS

- Develop innovative solutions that last longer and reduce the need for maintenance
- Invest in low VOC products and seek alternatives for hazardous chemicals
- Increase the use of renewable and recycled raw materials

PEOPLE DEVELOPMENT

- Create an environment and culture where ideas and initiatives flourish
- Develop employees' competencies and skills
- Attract the best talent

RESPONSIBLE OPERATIONS AND SUPPLY CHAIN

- Ensure safety, health and wellbeing of our employees
- Develop a sustainable supply chain
- Minimise our environmental impact by investing in facilities and continuous improvement culture

TRUSTED COATING PARTNER

When we say you can trust Teknos, we mean more than just our coatings

The partnership with our customers is a way of working that looks at the coating operation as a whole.

This unified approach is designed to maximise protection of your products and reassure your customers of the outstanding quality of your manufacture.

OUR TOTAL SUPPORT

With over 70 years of expertise in coatings, we can advise on:

How to optimize your coating processes by:

- Choosing the right nozzles and spray pressure to get a uniform film build
- Spray painting a window in one work process instead of four to reduce issues such as sagging or slow drying caused by incorrect application techniques

Construction design to further enhance exterior coating effectiveness by:

- Employing machining methods that support the right coating film build
- Rounding edges and avoiding poorly machined sharp or inconsistent ones

Advanced solutions and new developments to extend the life of your products

- Coatings that provide extra protection from fire or reduce the impact of hail damage

A fully maintainable system with maintenance and re-painting guidance for your customers

- Visit our website for our handy homeowner guides to offer your customers bespoke advice on keeping Teknos factory applied coatings in peak condition and extending the service life of your product.

COLOUR MATCHING

Orangery added to a Grade II listed building
AQUATOP 2600, ANTISTAIN AQUA 2901

Clevedon Hall, UK

LONG-LASTING

Installed in 2008, after 13 years the Accoya windows showed no sign of rot, decay or coating degradation.
AQUATOP 2600, ANTISTAIN AQUA 2901

Victoria Hospital, UK

COASTAL WINDOWS AT HEIGHT

Lighthouse sits 162 metres above sea-level
AQUATOP 2600, ANTISTAIN AQUA 2901

Belle Tout Lighthouse, UK

TEKNOS TOTAL TRUST

Our guarantee of quality and performance for exterior coating solutions.

Coat your products in Teknos to keep them performing at their best for many years. The Teknos system covers exterior coating performance areas such as:

- **Protection of the substrate**
- **Colour stability**
- **Surface appearance**
- **Coating technology designed for e.g. specific substrates or flexible films**

SPECIFICATIONS

Our holistic approach helps you achieve the highest standards in construction. We can advise on processes and solutions so that your products are manufactured, installed, and fully factory finished with Teknos approved systems.

We will guide you in technical specifications and variables such as substrate, coating system, expected exposure conditions, design, manufacture, storage and installation.

CLASSIFICATIONS

If you are searching for products or systems that hold classifications for test standards, let us know. Our exterior wood and uPVC coatings meet a number of EN standards and our powder coatings hold GSB and Qualicoat approvals.

EN 927

EN 113

EN 599

EN 513
