

# The driving force

Teknos solutions for automotive industry

Paint with Pride

# Painting the road to success

Teknos is a comprehensive coating supplier for professionals working in automotive industry. While our thorough research and development efforts ensure excellent quality of our products, our experience and expertise can help you reach better cost-efficiency and profitable operations.

The Teknos professionals are at your service to assist you in choosing the right coating solution for every particular purpose. While chassis and other cast iron components such as the power train (gearbox, transmission, engines and drive shafts) are at the very core of our offering, a wide variety of high-quality solutions are available for all automotive parts and components. Both wet paints and powder coatings are at your disposal. All representing industry-leading quality, all promptly and reliably delivered to make your operations run as smooth as possible.

## Always driving forward

Our research and development professionals create new innovations continuously, always making the most of available raw materials and manufacturing technologies. While cars, vans, trucks and machinery are often ex-

posed to changing road and weather conditions, strong mechanical abrasion as well as chemicals, salt, dirt, moisture, heat and such elements, our coatings are able to withstand them. We take pride in being able to fulfil the strictest quality expectations of our customers – as well as our customers' customers – in the best possible way, at all times.

We keep developing our services to improve the quality of both our products and your operations. Our reliable and fast delivery service makes working smoother and helps you in minimizing the unnecessary downtime. Teknos has a wide international presence, and our technical service is ready to help you at all times. Close co-operation is the best way to meet the evolving customer needs and the increasing need for smoother processes.

## Quality that can be recognised

In addition to their excellent physical and mechanical properties, the Teknos coating solutions are an excellent choice from the visual point of view. Our advanced tinting technology allows an almost unlimited number of colours and shades, so a perfectly matching or otherwise preferred choice can be conveniently created.

Our operations have been designed to follow the requirements listed in the TS16949 standard. We carry out systematic efforts to officially receive the standard in the near future.

## Wet paint systems

### PRIMERS

- TEKNOCRYL AQUA PRIMER series (AY)
- TEKNOLAC PRIMER 0168 series (AK)
- TEKNOLAST PRIMER series (EP)

### DIRECT-TO-METAL PAINT SYSTEMS

- TEKNOLAC COMBI 50 (AK)
- TEKNOCRYL AQUA COMBI 2780 SERIES (AY)
- TEKNOTHERM SERIES
- TEKNODUR COMBI 3430 (PUR)
- TEKNODUR COMBI 3560 (PUR)

### MULTILAYER SYSTEMS

- TEKNOLAC PRIMER 0168 + TEKNOLAC COMBI 50/TEKNOLAC 0191 (AK/AK)
- TEKNOLAC PRIMER 0168 + TEKNOSYNT 90 (AK/AK)
- TEKNOLAST PRIMER 8 + TEKNODUR 100 (EP/PUR)
- TEKNODUR PRIMER 8 + TEKNODUR 100 (PUR /PUR)
- TEKNOPOX AQUA PRIMER 3 + TEKNODUR AQUA 3390 (EP/PUR)

### EXTENDED PAINT SYSTEMS

- TEKNODUR 0290 clear coat for PUR systems for gloss and colour retention
- TEKNOZINC 80 SE zinc rich epoxy primer for aggressive corrosive categories
- TEKNOSEAL 1271 Acid Wash primer to ensure adhesion and corrosion properties

## Powder coating systems

### INFRALIT POWDER COATING SYSTEMS

Teknos has a comprehensive INFRALIT powder coatings product portfolio for automotive industries including all major chemistries in a variety of different surface finishes:

- Epoxies for highly corrosive environments, mechanical / chemical stresses
- Epoxy-polyesters for indoor product painting
- Weather resistant polyesters for exterior usage with excellent color stability and gloss retention

## Hybrid systems

To support effective production processes and diversities in global supply chain we have developed hybrid systems where wet paint primer is part of powder coating system or vice versa.

## The Teknos Group

Teknos is one of Europe's leading suppliers of industrial coatings with a strong position in retail and architectural coatings.

Teknos has its own production in seven countries: Finland, Sweden, Denmark, Germany, Poland, Russia and China. In addition, Teknos has sales companies in 15 countries and exports to more than 20 countries via a well-established network of dealers.

Teknos employs around 1 200 staff. Teknos was established in 1948 and is one of Finland's largest family-owned businesses.
